

Window

Joji

I see nothing out the window, window
Nothing out the window
Watching all the leaves grow, leaves grow
Feels better in my dreams though, dreams though

And the sun will shine no more
The sun will shine no more
I've been holding on too long
Holding on too...

I know when the wind blows, wind blows
Feels better in my dreams though, dreams though
I just wanna sleep forever
Please just let me leave forever

I don't need an antidote, antidote
I don't need an antidote, antidote
I don't need an antidote, forever

We don't wanna drive slow, drive slow
Speed up with our eyes closed, eyes closed

Eyes closed
Eyes closed
Head down
Eyes closed
Ice cold
Melt down
