

# Nonstop

JoJo Siwa

It's late at night and I don't want to go to sleep  
It's Saturday night and I'm moving to the beat  
The encore's over about an hour ago  
They turn down the light but I'm still feeling the show

At the speed of sound  
Gonna fight through the town  
There's no holding me back  
There's no slowing me down

Nonstop  
Never stopping the way I am  
Nonstop  
Running running like adrenaline  
Nonstop  
Going going gone that's the plan  
We go  
Nonstop nonstop nonstop

Nonstop yeah yeah

It's 8 am  
I've been awake for a while  
No sleeping in late  
No, that's never been my style  
The stage lights up  
Eleven hours to go  
I'm ready for the show

At the speed of sound  
Gonna fight through the town  
There's no holding me back  
There's no slowing me down

Nonstop  
Never stopping the way I am  
Nonstop  
Running running like adrenaline  
Nonstop  
Going going gone that's the plan  
We go  
Nonstop nonstop nonstop

Nonstop  
Never stopping the way I am  
Nonstop  
Running running like adrenaline

Nonstop going going gone  
That's the plan  
We go nonstop  
Nonstop  
Nonstop

Nonstop  
Never stopping the way I am  
Nonstop

"Oh wait why we stop"

Nonstop  
Never stopping the way I am  
Nonstop  
Running running like adrenaline  
Nonstop going going gone  
That's the plan  
We go nonstop  
Nonstop  
Nonstop

At the speed of the sound  
Gonna fight through the town

There's no holding me back  
There's slowing me down (Nonstop)

At the speed of the sound  
Gonna fight through the town  
We go nonstop  
Nonstop  
Nonstop

Let's do it again
