

One Chance

JoJo Siwa

Boom, boom, thunder in the room
Don't make a wrong move
What do I do?
Knock-knock, I see that road-block
Won't let the show stop
Remember what I got

One chance
Go and get it, don't you quit it
Give it one chance
Go and face it, don't you waste it
You get one chance
Hear it calling, going all in
It's my one chance, one chance
One, one, one chance
One, one, one chance

Hey, hey, haters in my way
Not throwing my game
Nothing can faze me
Won't stop, you know I'm so not
Ready to give up
As long I've still got

One chance
Go and get it, don't you quit it
Give it one chance
Go and face it, don't you waste it
You get one chance
Hear it calling, going all in
It's my one chance, one chance
One, one, one chance
One, one, one chance

Keep up the pace, heart is racing
Finding my place when the ground is shaking
Only one way I can make it
Don't have it in me to fake it
Like it or not
I got, I got

One chance
Go and get it, don't you quit it
Give it one chance
Go and face it, don't you waste it
You get one chance (One chance)
Hear it calling, going all in
It's my one chance (One chance), one chance (One chance)
One, one, one chance (Go and face it, don't you waste it)
One, one, one chance (Keep up the pace, heart is racing)
One, one, one chance (Finding my place when the ground is shaking)
One, one, one chance
