

# Only Getting Better

JoJo Siwa

Another day in a crazy world  
Hangin' on for another curve  
Every bend, every twist can turn you round and round  
Holdin' on, it's a wild ride  
It's all new when you blink your eyes  
Suddenly, everything inside feels upside down

Don't matter what's up next  
Close my eyes and take that step  
I'm ready for whatever, here we go!

Oh-ooh-ooh-ooh-oh, it's only getting better  
Oh-ooh-ooh-ooh-oh, don't wanna catch my breath  
We'll race through every open door  
Find everything we're hoping for  
As long as we're together  
It's only getting better!

Another day, it's a mystery  
A million possibilities  
Take a chance, it'll all be easier in time  
Everyday is a new adventure  
Turn the page, it's a whole new chapter  
Something great up ahead will make you feel alive

I'm hoping for the best  
Close my eyes and take that step  
I'm ready for whatever, here we go!

Oh-ooh-ooh-ooh-oh, it's only getting better  
Oh-ooh-ooh-ooh-oh, don't wanna catch my breath  
We'll race through every open door  
Find everything we're hoping for  
As long as we're together  
It's only getting better!

It's changing in an instant  
And everything is different  
But I'm ready for whatever  
I'm ready for whatever!

Oh-ooh-ooh-ooh-oh, it's only getting better  
Oh-ooh-ooh-ooh-oh, don't wanna catch my breath  
We'll race through every open door  
Find everything we're hoping for  
As long as we're together  
It's only getting better!

Oh-ooh-ooh-ooh-oh, it's only getting better  
Oh-ooh-ooh-ooh-oh, don't wanna catch my breath  
We'll race through every open door  
Find everything we're hoping for  
As long as we're together  
It's only getting better!
