

Back Words

Jojo

Back packing bags
Taking back jackets and giving back keys to your heart
Back tracking the past
Baby it's bad
Can't take it back

Aw baby I tried
I tried but I can't stop time
I tried but I won't rewind
I tried you know I tried
I can't go back now I've learned
Can't use a bridge that's burned (burned)
Oh ooh

Imagine if I could
Imagine if I could

I wish I could go back and undo
Start again back with you
If you didn't hear what you heard
I wish I could go back
And take back words

Back asking you back
Looking back tragic
And wondering what happened to us
Back talkin you first
Baby it's bad and I know it hurts

Aw baby I tried
I tried but I can't stop time
I tried but I won't rewind
I tried you know I tried
I can't go back now I've learned
Can't use a bridge that's burned (burned)
Oh ooh

Imagine if I could
Imagine if I could

I wish I could go back and undo
Start again back with you
If you didn't hear what you heard
I wish I could go back
And take back words

I wanna undo this fight
I wanna turn down the screams
I wanna not make you leave
Wish I had hid your damn keys
I wanna undial the phone
I wanna uncuss you out
I wanna reverse your car and bring you right back to me
You need to let go of your grudge and I'll let mine go too
I need to be loving you

Go back and undo

Start again back with you
If you didn't hear what you heard
I wish I could go back

Go back and undo
Start again back with you
If you didn't hear what you heard
I wish I could go back

And take back all the words
