

# Hooked On You

Jojo

Boy this feeling is so amazing  
For your love boy I've been craving  
Boy I need you closer to me  
So I can feel what I've been missing (oh)

Touch me.. kiss me.. hold me.. caress me  
I need all your love  
Want admit it I got to have it  
Gimme all or nothing

And its true what you do I cant deny it  
And you see that I'm not tryin to hide it  
And its true what you do I cant deny it  
And you see that I'm not tryin to hide it

Yeah yeah

I never had a love is so good  
Tell me does it feel to you?  
When you feel the way your girl should  
Boy you really got me crazy  
Baby I can never get enough

And its true what you do I cant deny it  
And you see that I'm not tryin' to hide it

And I try to tell myself to take my time  
When I feel you close to me I lose my mind  
I'm hooked on you

Touch me.. kiss me.. hold me.. caress me  
Want admit it I got to have it  
Touch me.. kiss me.. hold me.. caress me  
Want admit it I got to have it

And I try to tell myself to take my time  
When I feel you close to me I lose my mind  
I'm hooked on you

And its true what you do I cant deny it  
And you see that I'm not tryin to hide it (I dont wanna hid it from you)  
And its true what you do I cant deny it  
And you see that I'm not tryin to hide it

Baby I'm hooked on you

I dont wanna fight it  
Boy I cant hide it  
I'm hooked on you..  
It just something that feeling  
Everytime you near me
