

## Love Reggae

Jojo

Open up your mind and  
Do the things you never showed nobody  
Told nobody (No)  
I'm just glad they never really got  
The chance to know your body  
Like I do

I pray for you day to day  
I pray I don't go astray  
When you call me I'ma skrrt, skrrt up on you babe  
Skrrt, skrrt up on you babe  
You all about my curves when I'm driving  
I'm all about the ways to make us better  
I won't let up, this 4ver with the 4 on it, we wildin'  
And we ain't tryna be bothered, got the whole world on silent

While we're making love  
'Cause I need you, and I want you  
And it won't stop, and it won't stop  
Oh baby, while we're making love  
Want your love now, make it come now  
Make it rain down, make it rain down  
Ooh, love, love, love, love, love  
Ooh, love, love, love, love, love

Put it on him twice  
Two times in a night (Yeah)  
Let that natural light glow  
Pussy always sweet  
Face look like a seat  
Bet you never leave, no, no  
Taught ya man some tricks  
Watch me hit a split (Yeah)  
In a feature film, oh  
Now I'm talking shit (Talking shit)  
With whatever you with (Oh, yeah)  
Baby, if you say so

'Cause I need you, and I want you  
And it won't stop, and it won't stop  
Oh baby, while we're making love  
Want your love now, make it come now  
Make it rain down, make it rain down  
Ooh, love, love, love, love, love  
Ooh, love, love, love, love, love

Just let me hold you, console you  
Told you I was ready  
Boy you a blessing I ain't tryna lose, ooh  
I promise I ain't tryna lose you, my bed's only made for two  
I can't fight it  
I'm all about the ways to make you better  
I won't let up, boy my pleasure is you keep me smilin'  
Got the whole world on silent  
I can't be quiet while we're making love

While we're making love

'Cause I need you, and I want you  
And it won't stop, and it won't stop  
Oh baby, while we're making love  
Want your love now, make it come now  
Make it rain down, make it rain down  
Ooh, love, love, love, love, love  
Ooh, love, love, love, love, love

Put it on him twice  
Pussy always sweet  
I'm with whatever you with  
Baby if you say so
