## **This Time**

This time This time This

I made the mistake like before Givin you the third degree, takin you through it I told you I get what I want And I ain't tryna hear nothin else but just do it And I had to take a good look When everything else didn't have a ring to it I'm sittin here blamin myself When I saw what you were feelin inside, I misused it

This time it's all my fault This time I can't let go This time I did it Really, but I got these feelings How am I supposed to know? Can't let my weakness show Havin my fits may cause me to miss this first chance at real love

This time I won't let you get away from me This time I'm gonna let you take it where it should be This time I won't say no Cause sayin no is a way to protect me Baby this timethis time this time I'mma let you want me

Every female I know Can't seem to take her eyes off of you and I see it It's just that my girls been so hurt And I'm not tryna be the next one goin through it I see that I got somethin real And I don't wanna lose it and gotta to say thank you The thought of you gone gives me chills So baby let's just put this aside and just come here

This time it's all my fault This time I can't let go This time I did it Really, but I got these feelings How am I supposed to know? Can't let my weakness show Havin my fits may cause me to miss this first chance at real love

This time I won't let you get away from me This time I'm gonna let you take it where it should be This time I won't say no Cause sayin no is a way to protect me Baby this time this time this time I'mma let you want me

Never will I deny you love me All this time you stuck here and didn't leave Now I know what 'trust me you will see' was All my heart and deepest apologies So let's take this back to we got it man I just wanna do this with you boy

This time I won't let you get away from me This time I'm gonna let you take it where it should be This time I won't say no Cause sayin no is a way to protect me Baby this time this time this time I'mma let you want me This time I won't let you get away from me This time I'm gonna let you take it where it should be This time I won't say no Cause sayin no is a way to protect me Baby this time this time this time I'mma let you want me
