

I was cool already  
Way before you met me  
In my Tims and my Happy socks  
And I know how to get 'em off, yeah  
See my skies are sunny  
Got a pocket full of money  
And maybe there's not a lot  
But damn, I'm in a good spot

[Pre-Chorus]

I got nothing to hide  
You're not playing this right  
You want some advice?

[Chorus]

Boy, don't be killing my  
Boy, don't be killing my vibe  
My vibe, oh, my vibe  
Boy, don't be killing my  
Boy, don't be killing my vibe  
My vibe, my vibe  
Boy, don't be killing my  
You just be killing it

[Post-Chorus]

Rock your body, rock it steady  
Love me, baby, I'm so ready  
Wanna get lucky tonight  
Boy, don't be killing my  
Boy, don't be killing my vibe

[Verse 2]

Pla-player, I'm a real soothe sayer  
There's a future with you and me  
Upstairs, on my balcony  
Yeah, got a good buzz going  
And it feels good knowing  
That my girls here got my back  
Any guys gotta deal with that

[Pre-Chorus]

I got nothing to hide  
You're not playing this right  
You want some advice?

[Chorus]

Boy, don't be killing my  
Boy, don't be killing my vibe  
My vibe, oh, my vibe  
Boy, don't be killing my  
Boy, don't be killing my vibe  
My vibe, my vibe  
Boy, don't be killing my  
You just be killing it

[Post-Chorus]

Rock your body, rock it steady  
Love me, baby, I'm so ready

Wanna get lucky tonight  
Boy, don't be killing my  
Boy, don't be killing my vibe

[Bridge]

I think I want, want, want, want, want, want what you got  
You're the one, one, one, one, one who's got the shot  
And now you don't go blowing it, talking about your heart  
Don't be so serious  
Boy, don't be killing my  
Boy, don't be killing my vibe

[Outro]

Rock your body, rock it steady  
Love me, baby, I'm so ready  
Wanna get lucky tonight  
Boy, don't be killing my  
Boy, don't be killing my vibe  
Boy, don't be killing my  
You just be killing it  
Rock your body, rock it steady  
Love me, baby, I'm so ready  
Wanna get lucky tonight  
Boy, don't be killing my  
You just be killing my vibe  
Rock your body, rock it steady  
Love me, baby, I'm so ready  
Wanna get lucky tonight  
Boy, don't be killing my  
Boy, don't be killing my vibe
