Jojo

Mmm

Santa I'm starting not to even believe in you  
So many things happen that just aren't right  
Sit on your lap at the mall  
Told you my wishes and all  
This year you know I've been so nice

You travel near and far  
Maybe you can talk to God and tell him that he made a mistake  
You know what my wish is  
Can you mend a heartbreak? Can you mend a heartbreak?

There's only one thing on my wishlist  
Santa, bring him home to me  
Thought that I could come and ask for anything  
Long as I believed  
There's only one thing on my wishlist  
Santa, want him back in my arms  
That'll make it a perfect Christmas  
Used to have such a long wishlist  
There's only one thing on it now

I get so sad when we're settin' the table  
I wish that I had you laughter around, around  
No one should feel so alone when it's Christmas  
Wish that just for a second you could come back down

You travel near and far  
Maybe you can talk to God and tell him I think he made a mistake  
You know what my wish is (Know what my wish is)  
Can you mend a heartbreak? (Oh)

There's only one thing on my wishlist  
Santa, bring him home to me  
I thought that I could come and ask for anything  
But that ain't what I need, no  
There's only one thing on my wishlist  
Santa, want him back in my arms  
That would make it a perfect Christmas  
Used to have such a long wishlist  
But there's only one thing on it now

Santa, are you gettin' my letters, are you hearin' my cries? Mm  
Wonderin' if you hear me late at night  
What happens if my wishlist never comes true?  
Santa, are you gettin' my letters?  
I wanna believe in you

There's only one thing on my wishlist (Oh-oh-oh)  
Santa, bring him home to me (I wanna)  
I thought that I could come and ask for anything  
But that ain't what I need, no  
There's only one thing on my wishlist  
Santa, want him back in my arms  
That'll make it a perfect Christmas (Perfect Christmas)  
Used to have such a long wishlist

But there's only one thing  
There's only one thing on it now
