

Wrap Me Up

Jojo

You say you don't have much to give but you know that that's not what I want

'Cause your time is much more precious than any jewels that I could flaunt

This Christmas (Wrap me up in your love)

This Christmas (Wrap me up in your love)

'Cause when I'm in it, sugar plums dance through my head on Christmas Eve

You make me feel like I got everything a girl could need

This Christmas (Wrap me up in your love)

This Christmas (Wrap me up in your love)

You know I love the little things

Let's not forget what the holiday means

This Christmas (Wrap me up in your love)

I know it's cold outside but you cut through the ice to keep me warm

And when the snow is fallin', you take your coat off in the storm

This Christmas (Wrap me up in your love)

This Christmas (Wrap me up in your love)

You know I love the little things

Let's not forget what the holiday means

This Christmas (Wrap me up in your love)

You say you don't have much to give but you know that that's not what I want

'Cause your time is much more precious than any jewels that I could flaunt

This Christmas (Wrap me up in your love)

This Christmas, wrap me up in your love (Wrap me up in your love)

You know I love the little things

Let's not forget what the holiday means

This Christmas, want you to wrap me up in your love
