

Do You

Jolie Holland

Do you have to go crazy?
Is that the best thing that you can think to do?
I know, I'm lost without a place to go crazy
I know there's a sunrise on the other side
To pull me through

What did you do when I called?
Did you hear me at all?
It's a long night that seems to have no end
There's big stars falling down twinkling as they fall

Do you have to go crazy?
Is that the best thing that you can think to do?
I know, I'm lost without a place to go crazy
I know there's a sunrise on the other side
To pull me through

What did you do when I called?
Did you hear me at all?
You motherfucker
I wanted you
