

# Love And Understanding

Jon Anderson

It's so easy running  
For the first and final overtime  
And dancing for the truth  
Of volume in your life  
It's so easy calling  
For the mind to take that  
Perfect ride  
Never before has living been so alive

For all the things come  
Action of the given clear  
For all the things that  
Called a better day  
It's so easy going for the one man  
As he's asking for  
In counting days towards  
The loving of the soul

Zooooooooom... upta, dooble adaya  
Zooooooooom... upta, dooble adaya  
Zooooooooom... upta, dooble adaya  
Zooooooooom... upta, dooble adaya

Living for the loving of the soul  
Living for the loving of the soul

Treat you like a good man  
Treat you like a good soul

Treat you like a good man  
Treat you like a good soul

Treat you like a good man  
Treat you like a good soul

Treat you like a good man

You got it all

All is god in love and understanding  
All is god in love and understanding  
All is god in love and understanding  
All is god in love and understanding

And so the day would come  
When I would know it  
I knew the day would come  
When I would show it  
I hope the day will come  
We all will get it  
I know the day will come...  
We won't forget it...

All is god and love and understanding  
All is god and love and understanding  
All is god and love and understanding  
All is god and love and understanding

Treat you like a good man  
Treat you like a good soul  
Treat you like a good man  
You got it all

The saving of the soul  
The saving of the soul  
The saving of the soul  
The saving of the soul
