

Roundabout

Jon Anderson

I'll be the roundabout
The words will make you out 'n' out
I spend the day your way
Call it morning driving through the sound and
In and out the valley

The music dance and sing
They make the children really ring
I spend the day your way
Call it morning driving through the sound and
In and out the valley

In and around the lake
Mountains come out of the sky and they stand there
One mile over we'll be there and we'll see you
Ten true summers we'll be there and laughing too
Twenty four before my love you'll see
I'll be there with you

I will remember you
Your silhouette will charge the view
Of distance atmosphere
Call it morning driving through the sound and
Even in the valley

In and around the lake
Mountains come out of the sky and they stand there
One mile over we'll be there and we'll see you
Ten true summers we'll be there and laughing too
Twenty four before my love you'll see
I'll be there with you

I'll be the roundabout
The words will make you out 'n' out
I spend the day your way
Call it morning driving through the sound and
In and out the valley

In and around the lake
Mountains come out of the sky and they stand there
One mile over we'll be there and we'll see you
Ten true summers we'll be there and laughing too
Twenty four before my love you'll see
I'll be there with you
