Under the Sun

Jon Anderson

I may not always be the one But until something comes along It's never easy but I know Without you where would I go? I may not always stoop to win Cause we can change how we begin I won't deny my brothers sight Without them how will I fly? Same chance Same time Come along How can I tell yo uwhat to be When you're the best judge of yourself? You hold a power so unique You have the power to change your world Same chance Same steps along the way Same chance Same time I may not always be the one But until something comes along It's never easy but I know Without you where would I go? You may not always see me win Doesn't mean I won't be dreaming I can stand as tall as the sky With this feeling Wanting only just to be with you Same time Same place under the sun Same chance See, it's almost there! Wanting only just to be with you To be near you this time
