

Say Yeah

Jon B.

It's been a long time since I met a girl that blew my mind
She's the kinda girl got 'em waiting in line
If baby girl was a drug, I swear that I would be an addict
I don't care how much it cost, I'm spending it
'Cause I need it, we need it, you know that we need it, oh
I'm looking for a fix from you tonight, ooh

Don't tell me no, it's much easier
So baby, won't you say "yeah"
I know you had some that made you wish you said no
But baby, won't you say "yeah"
Don't tell me no, it's much easier
So baby, won't you say "yeah"
I don't need much time, all I need is one second
And I'ma make you say "yeah"

I know you seen bad times
Last night you went home with new ideas in your mind
Had ya second-guessin' 'bout us taking a flight
Straight outta here, anywhere you want, any exotic island
I don't care how much it cost, I'm spending it
'Cause I need it, we need it, you know that we need it
Somewhere to take it slow
I'll book us on a first class trip tonight
Tahiti sand
Walking on the beach while I'm holding your hand
Don't that make you feel good, good, good?
I know that you get the picture
In a foreign land
Seeing you village market shoppin'
Anything that you want, I'm buying
Everything's all inclusive and free
For only you, baby

Don't tell me no, it's much easier
So baby, won't you say "yeah"
I know you had some that made you wish you said no
But baby, won't you say "yeah"
Don't tell me no, it's much easier
So baby, won't you say "yeah"
I don't need much time, all I need is one second
And I'ma make you say "yeah"

You're the next contestant on this game show of love
Behind door number three is the prize and it's me
One and two don't win for you
Made you wish you never tried
Wanna really make your dreams come true tonight
I ain't like them other guys

Don't tell me no, it's much easier
So baby, won't you say "yeah"
I know you had some that made you wish you said no
But baby, won't you say "yeah"
Don't tell me no, it's much easier
So baby, won't you say "yeah"
I don't need much time, all I need is one second

And I'ma make you say "yeah"
Don't tell me no, it's much easier
So baby, won't you say "yeah"
I know you had some that made you wish you said no
But baby, won't you say "yeah"
Don't tell me no, it's much easier
So baby, won't you say "yeah"
I don't need much time, all I need is one second
And I'ma make you say "yeah"
Don't tell me no, it's much easier
So baby, won't you say "yeah"
I know you had some that made you wish you said no
But baby, won't you say "yeah"
Don't tell me no, it's much easier
So baby, won't you say "yeah"
I don't need much time, all I need is one second
And I'ma make you say "yeah"

Oh, oh oh oh, oh yeah, yeah, yeah
