

# Waiting On You

Jon B.

Baby, you're worth the wait

Always on time for me, your love is  
(Baby, you're worth the wait)  
Always on time for me, your love  
(Baby, you're worth the wait)  
You got me waiting on you  
(Got me waiting on you)  
Got me waiting on you

Baby, you're worth the wait  
However long that you take  
Because I know that it's on  
When I finally get you face to face  
Crazy how it's always on time  
Even when it's always late  
Only you can make the clock stand still  
But never let time go to waste, baby

Always on time for me (Always on time), your love is  
(Girl, your love is)  
Always on time for me, your love  
(Is worth the wait, baby)  
You got me waiting on you  
(Got me waiting on you)  
Got me waiting on you  
(Your love is worth the wait)

Pressure building up, lady  
All this anticipation  
Got a brother pacing back and forth  
I'm trying to be patient  
I know when you show up it's time  
To let it all just fall down  
Stresses of the week  
Every stitch of clothing come falling to the ground

Always on time for me (For me, baby), your love is  
(Ooh, your love is)  
Always on time for me, your love (Oh, oh, oh)  
You got me waiting on you  
(On you, on you)  
Got me waiting on you  
(You got me waiting, baby)

Anytime you come I'll let you in my bed (Hey)  
Anytime you're 'round, I'm diggin' in my bed  
Anytime is the right time for you to be mine  
Anytime you tell me, baby, I'll obey (Obey)  
I'll go do whatever you say, oh  
Anytime is the right time (Anytime) for you to be mine  
(Jon B.) (I'm waiting on you) (Ooh)

Always on time for me (Waiting on you), your love is  
(Your love is) (Oh, oh yeah)  
Always on time for me (On time for me), your love  
(Your love is on time)

You got me waiting me on you  
(You got me waiting, I waited all my life)  
Got me waiting on you  
(I waited all my life)

Baby, you got me (Got me waiting)  
Waiting on you (Ooh yeah)  
Got me, yeah (Got me waiting), I'm waiting  
(Sing the song)  
(Baby, you got me) On you, baby  
(Got me waiting) Waiting on you (Oh yeah)  
(Got me) I'm waiting on you  
Said you got me waiting (I'm waiting)  
And I'ma wait, I'ma wait  
I'm waiting (I'm waiting, I'm waiting, I'm waiting)
