

ANGELS

Jon Batiste

Lay your wings on my shoulders
The world needs an angel today
Fly higher
Higher, higher, higher, higher, high
It goes 'round and 'round and 'round and 'round
'Round and 'round and 'round and 'round
'Round and 'round and 'round and 'round
Where do we go?
What do we really know?

Lay your wings on my shoulders
The world needs an angel today
Fly higher
Higher, higher, higher, higher, high
It goes 'round and 'round and 'round and 'round
'Round and 'round and 'round and 'round
'Round and 'round and 'round and 'round
Where do we go?
What do we really know?

The world needs an angel today
The world needs you
