

# AT ALL

Jon Batiste

I ain't gonna take this flight to London  
Tomorrow  
This is not a negotiation  
I made the call

She understands me  
But she's not all of y'all  
If she understands me  
Then you don't have to, at all  
At all  
At all

We won't be around  
We out of town  
Now how that sound?

Bridges get burned  
When lessons don't get learned (Better learn your lesson)  
'Cause you can't outrun the truth (No)  
You just stall  
And the pride  
Always comes before the fall

She understands me  
Not like all of y'all  
And if she understands me  
Then you don't have to, at all

She understands me  
Not like all of y'all  
And if she understands me  
Then you don't have to  
Then you don't have to  
No, no  
Then you don't have to  
Yeah  
At all
