

# Be Who You Are

Jon Batiste

Radio!

Lonely one  
Out there on an eagle's wings  
You're bringing something they can't bring  
And singing something they can't sing

I know it's lonely when  
Saying something they ain't heard  
Don't  
Want to share a mumbling word  
'Cause they'll come for you and you'll be purged

That you can only be who you are

That's just who I am, that's just my radio  
That's just who I am, that's just my video  
That's just who I - I - I am  
I - I - I can't pretend 'cause I know  
You can only be who you are

That's just who I am, that's just my radio (my radio!)  
That's just who I am, that's just my video  
Wherever you are  
Oh Lord!  
You can only be who you are

Pinky ring to my pinky toe  
Black folks and white folks  
My Asians  
My Africans  
My Afro-Eurasian  
Republican  
Or democrat  
Aristocrat  
Artistocrat  
The riff raff to the really rad  
I can't cap that's no cap  
My bible  
Gonna make me liable  
Might start living tribal  
We gon' make a child  
I'ma make the news  
I'ma fill them shoes  
What? Too big to fill?  
I'm up for it  
I know I'm weird  
But

You can only be who you are

That's just who I am, that's just my radio  
That's just who I am, that's just my video  
That's just who I - I - I am  
I - I - I can't pretend 'cause I know  
You can only be who you are

Short days turn to long nights  
I don't take breaks I don't buy the hype  
We done made the way with no time to waste  
There's no wait in lines  
Stay, place your wager  
Bet on lil buddy, betting safer  
Melancholy cool calm behavior  
Before the thunder rains storm the pavement  
I grew some wings we can fly away with  
Do the things you cannot explain it  
Find a way to get us out the maze  
What we made of, on the cusp of doing something greater  
Unafraid  
Been over under all the estimation  
Don't get mad at your imagination  
If it's real magic you ain't gotta chase it  
You can only be who you are

That's just who I am, that's just my radio  
That's just who I am, that's just my video  
That's just who I - I - I am  
I - I - I can't pretend 'cause I know  
You can only be who you are

That's just who I am, that's just my radio (my radio!)  
That's just who I am, that's just my video  
Wherever you are  
Real magic  
You can only be who you are

□□□ □□ □□ □□□ □□□

Aja! Voy!  
Que venga to'do el mundo a ver  
Cuando estoy contigo  
Es mi cosa preferida  
La vida es más grande, mientras más es compartida  
Que Cuando estamos juntos mi vida  
La magia no termina  
We can only be who we are!

That's just who I am, that's just my radio  
That's just who I am, that's just my video  
That's just who I - I - I am  
I - I - I can't pretend 'cause I know  
You can only be who you are

That's just who I am, that's just my radio (my radio!)  
That's just who I am, that's just my video  
Wherever you are  
Real magic  
You can only be who you are
