

Calling Your Name

Jon Batiste

Sun and the stars
Night and the day
All of the while
I was calling your name
I would get so lost in my feelings
Head in the clouds
I would get so caught up in believin'
Something about
But you feel so good in my spirit
It's all over me now
No can't go back no more...
Chicky doe chickie dow

Sun and the stars
Night and the day
All of the while
I was calling your name
Calling your name
Calling your name
Calling your name
C-C-C-Calling your name
Sun and the stars
Night and the day
All of the while
I was calling your name (Calling your name)
Sun and the stars
Runnin' from fate
All of the while
I was calling your name

Sun and the stars
Night and the day
All of the while
I was calling your name
Sun and the stars
Runnin' from fate
All of the while
I was calling your name
