

# Goodbye, Billy Bob

Jon Batiste

Well everybody (hey ah)  
Just wanted to thank everybody for joining us (yeah ay)  
And being who you are (oh oh)

World music radio broadcast all across the world (yea ah)  
All throughout the universe  
We know there's life out there  
And they need to be grooving and singing along as well (oh)

I guess of the moral of the story is  
You know (supersonic)  
You can feel it (extraterrestrial)  
Until we meet again (otherworldly)  
Stay on the vibe (shh)  
I love you even if I don't know ya (woo ooh)  
And the tunes are not over here  
So stick around to world music radio

Hey ah hey ooh  
Hey ah hey ooh
