

Raindance

Jon Batiste

Rico

You told me you messed up my friend
And Rico always tells it like it is

Speak to me nicely

Speak to me nicely

The place that you left me is the place that you find me

I need your water to wash all the nights that

Got away

Got away

Got away, yeah

When you gon' arrive in the sky to let your love down

I been waiting for it to come down

Give me love for the life of me, ay

I know you gotta see to believe

That I'm a changed man

I look up and do my Raindance

Give me love for the life of me, ay

We know that I was not innocent (nah nah)

If we go, we go down that road again

Speak to me nicely

Speak to me nicely

The place that you left me is the place that you find me

I need your water to wash all the nights that

Got away

Got away

Got away, yeah

When you gon' arrive in the sky to let your love down

I been waiting for it to come down

Give me love for the life of me, ay

I know you gotta see to believe

That I'm a changed man

I look up and do my Raindance

Give me love for the life of me, ay

Yea, whoo, that's fire

Rain down on me

For a dollar and a quarter

For a dollar and a quarter

For a dollar and a quarter

For a dollar and a quarter

When you gon' arrive in the sky to let your love down

I been waiting for it to come down

Give me love for the life of me, ay

I know you gotta see to believe

That I'm a changed man

I look up and do my Raindance

Give me love for the life of me, ay
