

# White Space

Jon Batiste

Open  
Wide open  
Open  
Close your eyes and see  
That you're more than you will be  
Console in all in all the same  
The folks is all OK  
I pray therefore  
A sign

Thought that you can do  
When one of them is true  
Ooh it's all the same  
Doubt if there's a plan  
I am here with you  
Oh oh  
Take over  
Take me over  
Take me over  
It's just you  
Take me over oh  
Take me over  
It's just you

Saved in the water I'm saved

I know no other way no  
Yawaya is who told me  
Ooh  
In the air tonight  
In the air  
Here I wait
