

# DON'T SHOOT

Jon Bellion

Rockets and planes  
He's in the stars  
That's where he plays  
So watch where you aim  
'Cause mama swings and papa's crazy

That's my heart, my veins  
That's my blood, my bones  
If you want that case  
That's a case I'll close  
If you're in his way  
Then I'm on my way home

Don't shoot that boy down  
He stays in the clouds  
Don't shoot that boy down  
I'll lay your ass out  
(I will)  
Don't shoot that boy down

Watch what you say  
Be careful now

(Don't take the battery out his back, or the gas out his truck)  
(I tell 'em)  
Watch how you play  
Be careful now  
(Watch how you speak to that boy, don't push your luck, cuz)

Thats my heart, my veins  
Thats my blood, my bones  
If you want that case  
That's a case I'll close  
If you're in his way  
Then I'm on my way home

Don't shoot that boy down  
He stays in the clouds  
(He does)  
Don't shoot that boy down  
I'll lay your ass out  
(I will)  
'Cause)

Don't shoot that boy down  
Don't you  
Don't you dare shoot him down  
(Let the boy fly)  
Don't you  
Don't you dare shoot him down, aye

Thats my heart my veins  
(Veins)  
Thats my blood my bones  
(Bones)  
If you want that case  
(Case)

That's a case I'll close  
(Close)  
If you're in his way  
Bitch I'm on my way home

Don't shoot that boy down  
(Oh)

He stays in the clouds  
(He does)  
Don't shoot that boy down  
I'll lay your ass out  
(I will)  
So don't you dare shoot that boy down
