

# GET IT RIGHT

Jon Bellion

Yeah yeah yeah everybodies a playa right?  
Let me tell ya somethin' kid  
If you think pimpin' ain't easy?  
Then marriage? Marriage is impossible

You are the mess I made  
I was the game, I was the game you played  
So can we decide  
That we'll give this one more try  
And we'll get it right yeah we'll get it right this time

So can we decide  
That we'll give this one more try  
And we'll get it right yeah we'll get it right this time

Get it right, get it right this time  
Get it right, get it right this time

I never meant to hit the wall make you cry  
I die, I made you cry  
But I'll get it right this time

I remember I was 15  
Ya sister said I was good but I'd never be Swiss beats  
15 years later I look up at the billboard and that bitch is Swiss cheese  
It's like bang bang bang pop pop rocket ship

You're still the same girl from Rustic Lane  
It says Chanel on the bag  
But you're still using coupons at Target for the dinner plates  
It's just how you were raised  
I just wanna say I think you're doing pretty great for being shot to space  
Thanks for taking the ride with me

But thanks for loving through my selfishness  
Goin' through old pictures that Dexter flicked  
My life's a shipwreck wreck without you anchorin' and levelin'  
I know a lot of CEOs with billions and resentful kids  
Yikes

(But baby, we're gonna get it right this time)

I also know a lot of famous people that are wishin' for an average life  
I'm talking Tums on the nightstand at 65  
The good shit  
Babies and sleepless nights  
The craziness of man and wife  
The good, the bad, the dark, the light  
I'm with you till we get it right

(But baby we're gonna get it right this time)

With God as my witness, I'm with you till we get it right

(Get it right, get it right, get it right)
