

Justice in the Barrel

Jon Bon Jovi

Dm **G** **Dm** **G**
Hey mister can you help me I'm a loner on the run
Dm **G**
I'm just looking for tomorrow
Dm **G**
And I ain't gonna hurt no one
Dm **G** **Dm** **G**
I jumped head first into a bottle, I was looking for a friend

Dm **G**
Came up just short of nothing
Dm **G**
I didn't find the truth, I only found an end
F **C**
So tell me who's gonna save me or my father or my son
B
When the only justice a man can see
A **Dm**
Is the barrel of a loaded gun
G
I been broke and I've been hungry
Dm **G**
I think they're both my middle name
Dm **G**
But I don't never ever never seem to get enough
Dm **G**
Still guess I can't complain
Dm **G**
'Cause what you get in life you take it
Dm **G**
You've gotta hold on and make it last
Dm **G**
They say good things come to those who wait
Dm **G**
But it's life that goes so fast
F
And when there's just one rule you live by
C
Each day you kiss the rising sun
B
When you live and die by the life we breathe
A
In the barrel of a loaded...
F **C**
Guns talk to me in my sleep at night
B **A**
And a gun somewhere is burning with my name
F **C**
Winners are losers and losers will have to face
B **A**
All those yesterdays and all of the dreams they blew away
Dm **G** **Dm** **G**
So Mister can you help me or are you my gun
Dm **G**
Have the ghosts of justice brought you here to me to taste
A **B**
The barrel of a loaded gun
