

# Love Of My Life So Far

Jon Brion

I was taking the scenery in  
When I got pushed from a moving car  
You're the love of my life  
You're the love of my life so far

We were going in the same direction  
Then I hit the pavement hard  
You're the love of my life  
You're the love of my life so far

If you only get one true in your life  
Then I've been greatly harped  
You're the love of my life  
You're the love of my life so far

Though I did have a wonderful time  
But you were the end of the line  
Now it's fairly bizarre  
that you barely are  
a friend of mine

If I died today, I'd have to say  
that you were my favorite part  
You're the love of my life  
You're the love of my life so far

If someone comes along and makes me realize  
that you were tacky and of limited charm  
You'd be the love of my life  
You'd be the love of my life so far

No matter the way that we're doomed  
I'm mad but I'm finally through  
The feeling of bliss  
And I'm sleeping with a friend of mine

I can't hold you in my arms again  
If I can't hold you in the same regard  
You're the love of my life  
You're the love of my life so far

Although this could break me  
I won't let it make me cynical and hard  
You're the love of my life  
You're the love of my life so far

Because love is great when there's no restraint  
And it's not for the faint of heart  
You're the love of my life  
You're the love of my life so far

No I don't feel great  
But woe's the fate of your latest counterpart  
You're the love of my life  
You're the love of my life so far
