

Same Mistakes

Jon Brion

I got tired, I killed it through and through
I don't wanna make the same mistakes
The same mistakes with you
I didn't lie, but I withheld the truth
I don't wanna make the same mistakes
The same mistakes with you
The line is thin between a selfish act
And things you do to keep yourself intact
I could name a few
I did a lot that I could not undo
I don't wanna make the same mistakes
The same mistakes with you
