

Dolly

Jon Bryant

Rehearsing in the restroom stall
I'm flirtin' with the wall
In a loose country drawl

I'm mustering confidence
I've only got one chance
May I have this dance

I, I could be that old ramblin' country fool
And you, you could be my straight shootin' Southern jewel
A Dolly Parton kinda cool

Your Spanish boots and hair
Pulling in every stare
Let's fly anywhere

Don't need no Broadway light
Just your hand in mine
And southern stars up high

I, I wanna be that old ramblin' country fool
And you, you could be my straight shootin' Southern jewel
A Dolly Parton kinda cool
A Dolly Parton kinda cool

I, I wanna be that old ramblin' country fool
And you, you could be my straight shootin' Southern jewel

I, I wanna be that old ramblin' country fool
And you, you could be my straight shootin' Southern jewel
A Dolly Parton kinda cool
A Dolly Parton kinda cool
