

Heroine

Jon Bryant

Hold me close, hold me in
Babe, your love feels like heroine
So calm my hands and touch my skin
The shaking stops when the drugs kick in

But I'm out of love, out of guides
I'm out of rules, I'm out of lines
It's on me
I'm out of days, I'm out of nights
Too many wrongs to make it right
This time, I bleed

"Hold me once," I told you twice
We lost this war, When we rolled the dice
I know I did the best that I could do
But I could never give enough to you
And every part you didn't break I tried to break myself
When you left me, when you left me

But I'm out of love, out of guides
I'm out of rules, I'm out of lines
It's on me
I'm out of days, I'm out of nights
Too many wrongs to make it right
This time...

But I'm out of love, out of guides
I'm out of rules, I'm out of lines
It's on me
I'm out of days, I'm out of nights
Too many wrongs to make it right
This time, I bleed
