

I Don't Know How

Jon Bryant

Felt your breath on my arm
We slept through the alarm
And did I miss all the signs?
Or did you take your time?

I don't know how
I don't know how I lived without you
I don't know how
I don't know how I lived without you

Your cold hands on my neck
I could love you today
And we came through the unknown
No, I won't let you go

I don't know how
I don't know how I lived without you
I don't know how
I don't know how I lived without you
I don't know how I lived without you
I don't know how
I don't know how I lived without you

Every cold night without the sheets
Every flower without your feet
Every reason without the why
Every season we cut passed
Every side of love I been wanting us to find

I don't know how
I don't know how I lived without you
I don't know how
I don't know how I lived without you
I don't know how I lived without you
I don't know how
I don't know how I lived without you

Without you
Without you
Without you
Without
