

# Ya Ya Ya Ya

Jon Bryant

It's 12 o'clock and I'm still jaded  
You only want me when you're wasted  
I wish that I could turn a new leaf  
But I'm shaking branches from a bad tree

Ooh, babe, can we go back?  
And replace all of the fact with the fiction?  
I love you but I can't ask  
Is everything alright, everything fine?  
Yeah, yeah, yeah, yeah

It's 2 AM and I'm unsteady  
You said you'd call me when you're ready  
And we speak in tongues to stay elated  
And we keep it light so we don't break it

But we watch as it all blows away  
(Yeah, yeah, yeah, yeah)

Ooh, babe, can we go back?  
And replace all of the fact with the fiction?  
I love you but I can't ask  
Is everything alright, everything fine?  
Yeah, yeah, yeah, yeah

Make no mistake  
It's not like I'm hiding, just tryna behave  
And you can't relate  
'Cause you're not the one on this pedestal, babe

Ooh, babe, can we go back?  
And replace all of the fact with the fiction?  
I love you but I can't ask  
Is everything alright, everything fine?  
Yeah, yeah, yeah, yeah

And replace all of the fact with the fiction? (Yeah, yeah, yeah, yeah)  
I love you but I can't ask
