Before You

Jon McLaughlin

I feel like somebody else
I don't recognize myself
Staring into the mirror
Smiling ear to ear

It's funny how all this time
I thought I was alive
Now I see things clearer
Smiling ear to ear

And now
Screaming at the top of my lungs
Finally I found someone
Never knew what love could do
Before you

And I am opening my eyes
For the very first time
I never knew what love could do
Before you

Take whatever you like
Change me from the inside
I can feel you taking over
Smiling ear to ear

And now
Screaming at the top of my lungs
Finally I found someone
Never knew what love could do
Before you

And I am opening my eyes
For the very first time
I never knew what love could do
Before you

Guns out blazing
My heart is racing
And even the ordinaries amazing

Blasts of color bounce off each other
And you are the reason why I'm

Screaming at the top of my lungs
Finally I found someone
Never knew what love could do
Before you

And I am opening my eyes
For the very first time
I never knew what love could do
Before you

Screaming at the top of my lungs
Finally I found someone
Never knew what love could do

Before you

And I am opening my eyes
For the very first time
I never knew what love could do
Before you
