

Circles

Jon McLaughlin

Somebody tell me what to do and I'll do it, I swear
Somebody show me all the moves and I'll prove that I care
I'm just tryna run, tryna hide
Trying to not be left behind

Hey, I'm running around in circles
You say, "Jump", and I say, "How high?"
I am running around in circles underneath the
Perfect surface that is in my head

Somebody show me who I am I wanna be it so bad
Somebody help me understand why we're feeling so sad
I'm just buying a car and a big old house
Remind me what happens now

Hey, I'm running around in circles
You say, "Jump", and I say, "How high?"
I am running around in circles underneath the
Perfect surface that is in my head

But on the outside I'm smiling
My way of laughing at the joke, whoa
There is an iceberg that is hiding, underneath the
Perfect surface that is in my head

I'm running around in circles
You say, "Jump", and I say, "How high?"
I am running around in circles underneath the
Perfect surface that is in my
I don't have to let you in my life
My life
