

Feeling Like Christmas

Jon McLaughlin

Do you believe in miracles?
The kind you never really let go of
One little touch and you're never the same
Do you believe in fairy tales?
The kind you find everywhere
Turning sinners into saints

Hang a stocking on my fireplace
Put a smile on someone else's face
Spread a little magic we call love
Make it feel like Christmas
It's feeling like Christmas

(Alright, listen)

Some of us say the thrill is gone
We grew up and moved on
Now, who are we kidding, it's still inside
When I hear a choir caroling
It doesn't matter where I've been
I feel a joy I can't deny, that's when I

Hang a stocking on my fireplace
And put a smile on someone else's face
Spread a little magic we call love
Make it feel like Christmas
Feeling like Christmas

Mangers in the yards
Trees on top of cars
Every year, it feels the same
Don't change
Trees are gonna freeze
Ooh, preachers gonna preach
Telling everybody Jesus came

Hang a stocking on my fireplace
And put a smile on someone else's face
Spread a little magic we call love, oh
Make it feel like Christmas
It's feeling like Christmas

Yeah, feeling like Christmas
