

# Get You Back

Jon McLaughlin

Baby if you could see us in my dreams  
It's maybe gonna make you wanna wake up next to me  
Remember what you're missing  
And stop wasting kisses  
On somebody that ain't me...  
It's so hard to see  
Ain't you ever wondered why  
I never said goodbye

Ooooooh-ooh-ooh  
Ooooooh-ooh-ooh  
I'm gonna get you back someday  
Gonna get you back someday

Ooooooh-ooh-ooh  
Ooooooh-ooh-ooh  
I'm gonna get you back someday  
Gonna get you back someday  
Hey

Remember all the things that you said I had to change  
Well me needing you'd be the only thing that stayed the same  
You might not recognize me  
I left it all behind me  
Now my heart's just collecting dust  
I ain't me without us

Ooooooh-ooh-ooh  
Ooooooh-ooh-ooh  
I'm gonna get you back someday  
Gonna get you back someday

Ooooooh-ooh-ooh  
Ooooooh-ooh-ooh  
I'm gonna get you back someday  
Gonna get you back someday

I've been waitin'  
I've been patient  
But my heart is slowly breakin'  
But I know I'll be okay  
I'm gonna get you back someday  
Gonna get you back someday  
Oh

I should, let you know, oh  
That I can't, let you go

Ooh  
No I'm gonna get you back someday  
Gonna get you back some

Ooooooh-oh-oh  
Ooooooh-ooh-ooh  
I'm gonna get you back someday  
Gonna get you back someday

I've been waitin'  
I've been patient  
But my heart is slowly breakin'  
But I know I'll be okay  
I'm gonna get you back someday  
Gonna get you back someday

I've been waitin'  
I've been patient  
But my heart is slowly breakin'  
But I know I'll be okay  
I'm gonna get you back someday  
Gonna get you back someday  
Yeah
