

Hallelujah This Christmas

Jon McLaughlin

On Christmas day
Oh, how I pray
That the world
Would be at peace
And on Christmas night
No matter what the day was like
I'll be back
On my knees

Singing hallelujah, hallelujah
Hallelujah, this Christmas
Hallelujah

On Christmas some
My have just begun
To feel the love
Coming from above
But all the praise
From the sinners and the saints
It reaches Heaven
Just the same
And it sounds like-

Hallelujah, hallelujah
Hallelujah, no matter what
Hallelujah

Whether cold winds are blowing
Or I'm warm inside
While in blinding blizzards or a silent night
And whether gifts are flowing
Or an empty tree
I will close my eyes and I will sing
Whether cold winds are blowing
Or I'm warm inside
While in blinding blizzards or a silent night
And whether gifts are flowing
Or an empty tree
I will close my eyes and sing

Hallelujah, hallelujah
Hallelujah, it's Christmas
Hallelujah
