

# The Only One

Jon McLaughlin

We both know, we both see  
We're surrounded by such beautiful  
People everywhere, look  
I don't even care  
They can pose, they can flex  
Let 'em go and turn a million heads  
Mine is in the clouds  
Daydreaming about

The way that you walk and  
And you laugh and talk

'Cause baby you're the only one  
Baby you're the only one  
Oh baby you're the only one  
For me

All my friends, they know the truth  
When I'm with them I'm just missing you  
The best they'll ever get  
Is a shiny silver medal  
And every day the sun comes up  
And every night it sets on us  
And in between our ups and downs  
Yeah but I have never found

Someone else like you and  
I don't want to

Baby you're the only one  
Baby you're the only one  
Baby you're the only one  
For me

Too many times people go their whole lives  
Never knowing that they're loved  
The tragedy is it's one thing  
That you can't hear enough

So baby you're the only one  
Baby you're the only one  
Baby you're the only one  
For me, you're the only one  
Yeah baby you're the only one  
Baby you're the only one  
For me

Hey  
For me  
Yeah  
For me
