

Gamblin' Man

Jon Pardi

Just lost four hundred on red at Tunica
Said that was my limit, then I lost four hundred more
Slipped outside, lit up a little indica
Left you laying there alone in room 0404
We've been here before

Rollin' with me's like rolling dice
You'll pay the price

Girl, don't go all in on a gamblin' man
Your queen of hearts, it just don't stand a chance
I wouldn't bet your love or luck on my hand
Girl, don't go all in on a gamblin' man
Yeah

You said, "Come to bed," two hours ago
Sent me a pic, but I was on a roll
'Bout lost it all and more than that
Back against the wall, and I want it back

If you playing, then they keep on bringing them drinks
Don't cost you any money, but it sure ain't free

Girl, don't go all in on a gamblin' man
Your queen of hearts, it just don't stand a chance
I wouldn't bet your love or luck on my hand
Girl, don't go all in on a gamblin' man

Rollin' with me's like rolling dice
You'll pay the price

Girl, don't go all in on a gamblin' man
Your queen of hearts, it just don't stand a chance
I wouldn't bet your love or luck on my hand
Girl, don't go all in on a gamblin' man
A damaged man

You know I'm a gamblin' man
