

The Way

Jon Reddick

I've had it with the way of this world
I've spent my last day chasing those lies
And now I want the world to hear me say
Jesus is the way (Jesus is the way)

I've had it with the schemes of the devil
He ain't got no grip on me
Let the gates of hell tremble when I say
Jesus is the way (Jesus is the way)

You are the way
You're the only way
For the saint, for the sinner?
For the world today

You are the way
And I will follow you
'Cause, Jesus, only you
Are the life that's true?
The way

So, where you lead that's where I'm going
Lord, I've got my eyes locked on you
Remind my heart if I start to stray
Jesus is the way

Jesus is the way

You are the way
You're the only way
For the saint, for the sinner?
For the world today

You are the way
And I will follow you
'Cause, Jesus, only you
Are the life that's true?
The way

You are the way out of the darkness
You are the way out of the storm
You are the way out of the broken
Just like you've been before

You are the way through the valley
You are the way on high?
You make the way before me
So, I will testify

You are the way
You're the only way
For the safe for the sinner?
For the world today

You are the way
And I will follow you
'Cause, Jesus, only you

Are the life that's true?

The way

You are the way

You're the life that's true?
