

# Don't Be Silly

Jon Secada

Gotta stop and think how we met  
I wanna stop and feel your mouth, kiss your lips  
Feels so good still  
There's just too much of you I couldn't live without  
There's so much of you that I need  
So when you tell me that you're nervous  
Please don't worry 'bout a thing  
Don't be silly.

For the rest of my life it's you, it's you  
Baby don't you worry 'bout a thing.

No don't be silly  
I will never stop  
Don't be silly  
I will never stop  
No no no don't be silly  
I will never stop  
Never stop, never stop, never stop.

I wake up every morning, see you there  
I come home every evening, see you there  
Morning day and evening baby  
See you there  
Willy nilly lovers moonbeams way above  
I'll never find another  
That I could fall in love with, no way  
Don't you worry don't be nervous baby  
Now don't be silly.

Girl, you're all that I need it's true  
I could never find another no

No don't be silly  
I will never stop  
Don't be silly  
I will never stop  
No no no don't be silly  
I will never stop  
Never stop, never stop, never stop.

I will never stop loving you  
I'll never stop loving you  
Don't be nervous don't you worry 'bout a thing please.

Don't be silly  
I will never stop  
No don't be silly  
I will never stop  
I will never stop  
Meet you every minute  
Never stop, never stop, never stop  
Never stop, never stop, never stop  
Don't be silly, don't be silly please  
Never stop, never stop, never stop.
