

# I'm Free

Jon Secada

Do you see what I see  
A rainbow shining over us  
In the middle of a hopeless storm  
Sometimes I'm blinded by my feelings  
And I can't see beyond my troubled mind  
Afraid of what I'll find  
The story of our lives  
But there's tomorrow.

Cause I'm free, I'm free  
And things are only as important

As I want them to be  
We'll have a breath of sunshine  
When the rain goes away  
I pray, I pray.

Do you need a friend right now  
In the road that you're going to  
If you get lost just call me I'll be there  
Yes I'll be right there  
Cause though I may not have the answer  
At least I know what I'm looking for.

Yes I can do without sorrow  
There's a day after tomorrow  
So I'm leaving behind.

I'm free, I'm free  
And things are only as important

As I want them to be  
We'll have a breath of sunshine  
When the rain goes away  
I pray, I pray.

And if you want to share my dreams  
Well all you have to do is say it, say it  
Let me hear you loud and clear  
Cause I need you if you wanna be, if you wanna be.

Do you see what I see  
A rainbow shining over us  
In the middle of a hopeless storm  
We'll be safe and warm.

I'm free, I'm free  
And things are only as important
