

A Good Woman

Jon Wolfe

A sky needs the blue
Crops need the rain
Bar needs a neon sign
A spark needs a flame
The night needs the stars
A boy needs a bike
When you get down to it, I guess it's a simple life

A man needs a flathead and a Phillips
Needs to know one song by Willie
Needs a Bible and a ball cap
A buddy and a six pack
A man needs some work boots and an old dog
A fishing hole and a day off
And a few bucks in the bank to keep it all runnin'
And a good woman
A good woman

Morning needs a kiss and an, "I love you"
Midnight needs to play a song we can slow dance to
Horse needs a swing, a swing needs a rockin'
And a little me and you in it, watchin' that sun droppin'

A man needs a flathead and a Phillips
Needs to know one song by Willie
Needs a Bible and a ball cap
A buddy and a six pack
A man needs some work boots and an old dog
A fishing hole and a day off
And a few bucks in the bank to keep it all runnin'
And a good woman
A good woman

A man needs a nail to hang his hat on
A dream and a little luck
And it wouldn't hurt to have a guitar
A few scars and a truck

A man needs some work boots and an old dog
A fishing hole and a day off
And a few bucks in the bank to keep it all runnin'
And a good woman
A good woman
