

Any Night in Texas

Jon Wolfe

She was 17
I was young and green
I'd never seen anything
As beautiful as her
County Fair
She had long blonde hair
I saw her sitting over there
By the Tilt-A-Whirl

I was a small-town country boy
I liked raising hell and making noise
She was Uptown Dallas cool
I had a truck
I took a chance
I made her smile
I hit the gas
And we broke a few rules

Oooh I know I'm never
Gonna forget it
Oooh I know I'll never regret it

Strait on the radio
Steam on the window
And kisses that will drive you wild and reckless
That's how any love can go
On any night in Texas

I memorized every line
That dashboard glowed like a neon sign
On her tan brown skin
It was her and me
My daddy's 83
Parked off the beaten path
And we just drank the moment in

That sunset went and disappeared
Just like that Lone Star summer did
It faded like a song
But I still hear it every now and then
Just like a whisper on the wind
I still sing along

Oooh I know I'm never
Gonna forget it
Oooh Lord knows I'll never regret it

Strait on the radio
Steam on the window
And kisses that will drive you wild and reckless
That's the way love can go
On any night in Texas
Any night in Texas

I wonder if I will ever see her again
And if she ever thinks about me
And what might have been

Oooh I know I'm never
Gonna forget it
Oooh Lord knows I'll never regret it

Strait on the radio
Steam on the window
And kisses that will drive you wild and reckless
That's the way love can go
On any night in Texas
Any night in Texas
Oooh Any night in Texas
Any night in Texas
