

# Beers We Ain't Drank Yet

Jon Wolfe

Me 'n' you are like the first George Strait record  
Just getting started got a long way to go  
I like the way we sound, yeah, somethin' tells me  
We're sittin' on a classic, baby, sittin' on gold  
So let's raise one to the sky for you and me  
The sky's the limit as far as I can see

Think about all them floors we ain't danced on  
All the slow songs we ain't pressed play on  
All the beaches and the beds we ain't crashed on  
All the everything we ain't scratched the surface on  
Baby, here's to the good times we got left  
And the beers we ain't drank yet

Woah, woah

Every kiss is getting' better just like they're gettin' longer  
And this ain't even good as it gets  
Every feelin' that we're feelin' is only gettin' stronger  
Chalk another night up that we'll never forget, yeah

Think about all them floors we ain't danced on  
All the slow songs we ain't pressed play on  
All the beaches and the beds we ain't crashed on  
All the everything we ain't scratched the surface on  
Baby, here's to the good times we got left  
And the beers we ain't drank yet

All the wishes we ain't wished  
All the kisses we ain't kissed  
All the good lovin'  
We ain't gonna miss

Think about all them floors we ain't danced on  
All the slow songs we ain't pressed play on  
All the beaches and the beds we ain't crashed on  
All the everything we ain't scratched the surface on  
Baby, here's to the good times we got left  
And the beers we ain't drank yet  
We ain't drank yet  
Beers we ain't drank yet
