

# Heart to Steal Tonight

Jon Wolfe

Hurry up, 5 o' clock  
I gotta get on down the road  
Clean up my old truck  
Get dressed, get ready to go  
Hurry up, sunset  
Hurry up, stars, come on out  
I got a girl I'm dyin' to see  
I can't quit thinkin' about

She got a kiss and I wanna taste it  
She got a name I just love sayin'  
A smile that keeps me messed up  
A story I wanna know the rest of  
I gotta get these four wheels turnin'  
Make sure this night is perfect  
Hope every word rolls off my lips just right  
I got a heart to steal tonight

I'm gonna keep it real  
No tricks up my sleeve  
I'm gonna mean just what I say  
And say just what I mean  
So come on, man in the moon  
Light up the top of that hill  
'Cause that's where it's all goin' down  
I'm gonna tell her how I feel

She got a kiss and I wanna taste it  
She got a name I just love sayin'  
A smile that keeps me messed up  
A story I wanna know the rest of  
I gotta get these four wheels turnin'  
Make sure this night is perfect  
Hope every word rolls off my lips just right  
I got a heart to steal tonight  
I got a heart to steal tonight

I could see me and her thick as thieves  
Wrapped up in a midnight breeze  
Come on, lucky stars, shine down on me

She got a kiss and I wanna taste it  
She got a name I just love sayin'  
A smile that keeps me messed up  
A story I wanna know the rest of  
I gotta get these four wheels turnin'  
Make sure this night is perfect  
Hope every word rolls off my lips just right  
I got a heart to steal tonight  
I got a heart to steal tonight  
I got a heart to steal tonight  
Got a heart to steal tonight
