

Smile on Mine

Jon Wolfe

Do I pick you up?
Do I meet you out?
Are you the girl that stays home or do you like a big crowd?
Since that midnight kiss
That knocked my train off track
I've been waitin' on another one just like that

Tell me what I gotta do to get your smile on mine
Get you back in my arms later on tonight
How 'bout a table for two?
How 'bout a bottle of wine?
Tell me what I gotta do to get your smile on mine

Well, are you kinda like me?
Sick and tired of this town
How 'bout we jump in my truck and just ride around?

Tell me what I gotta do to get your smile on mine
Get you back in my arms later on tonight
How 'bout a table for two?
How 'bout a bottle of wine?
Tell me what I gotta do to get your smile on mine
On mine

Don't play hard to get
Girl, it just ain't fair
Don't you remember that night
There was magic in the air

Tell me what I gotta do to get your smile on mine
Get you back in my arms later on tonight
How 'bout a table for two?
How 'bout a bottle of wine?
Tell me what I gotta do to get your smile on mine
On mine

Tell me what I gotta do
