

Mountains

Jonas Blue

Took a shot in the dark
Just to know where we are
I've been running since yesterday
Wrote three words in the sand
So that you'd understand
I'll be here when they fade away

Now all I need
Is your love again (Your love again)
Nothing beats it when our
Hearts can feel like we're on the edge
We're on the edge

I'll be moving mountains, mountains for you
Baby, I move mountains just to show I love you
Nothing makes me feel as strong as you do
Baby, I move mountains just to show I love you...

Just to show I love you...
Just to show I love you...
Just to show I love you...
Just to show I love you

Took a shot in the dark
Gave you half of my heart
To show you the symmetry
I know it didn't come easy
But I'm hooked on the feeling
It's always in front of me

Now all I need
Is your love again (Your love again)
Nothing beats in when our
Hearts can feel like we're on the edge
We're on the edge

I'll be moving mountains, mountains for you
Baby, I move mountains just to show I love you
Nothing makes me feel as strong as you do
Baby, I move mountains just to show I love you...

Mm, just to show I love you
Just to show I love you...
Just to show I love you...

Just to show I love you
(Love you, love you, love you, love you)
Baby, I move mountains just to show I love you

I'll be moving mountains, mountains for you
Baby, I move mountains just to show I love you
Nothing makes me feel as strong as you do
Baby, I move mountains just to show I love you
