

## Purpose

Jonas Blue

What up, what up with you, boy?  
What up with acting so coy?  
I'm reading you like a book  
I can tell how you feel  
You wanna love me so good  
Come in the mood like you should  
If you want more than a look  
Better prove how you feel

Like, all night, all night, all night long  
All night long, I know what you want  
All my, all my, all my love  
All my love, I know what you want  
Sorry, my mistake  
If you think you're meant for me  
Sorry, what can I say?

I didn't do it on purpose  
I guess I got what you need  
But if you're gonna make it worth it  
Work it for me  
I didn't do it on purpose  
I guess you like what you see  
But if you're gonna make it worth it  
Work it for me

Oh, yeah  
No, no  
Oh, yeah  
No, no  
Oh, yeah

So what you gonna do now?  
You took the words outta your mouth  
You got your eyes on my lips  
Beggin' to pull me in  
I woke up looking this good  
But I didn't do it for you  
You want your hands on my hips  
Why don't you pull me in?

Like, all night, all night, all night long  
All night long, I know what you want  
All my, all my, all my love  
All my love, I know what you want  
Sorry, my mistake  
If you think you're meant for me  
Sorry, what can I say?  
(I didn't do it on..)

I didn't do it on purpose  
I guess I got what you need  
But if you're gonna make it worth it  
Work it for me  
I didn't do it on purpose  
I guess you like what you see  
But if you're gonna make it worth it

Work it for me

Oh, yeah

I didn't do it on purpose

No, no

Oh, yeah

No, no

Oh, yeah
